Market Analysis:

Holistic Medicine in Canada: More than 70% of Canadians regularly use complementary and alternative health care therapies such as vitamins and minerals, herbal products, homeopathic medicines and other natural health products to stay healthy and improve their quality of life.

The global Holistic Medicine and therapies market size was over USD 30.0 billion in 2014. Notable drivers include lower side effects and growing patient awareness levels. Increasing geriatric population base, growing awareness about general health and well-being, and inclination towards leisure and relaxation are also likely to boost demand.

Market Analysis:

Analysis of Associations, Universities & Hospitals

Toronto has 37 universities and 142 hospitals, hospitals represent 30% of the total dollars spent on health. In 2013, spending in this category is expected to grow by 2.6% to reach \$62.2 billion. Toronto contains 128,277 health care professionals as Canada's supply of doctors, nurses, hospital beds, and acute care beds is quite low relative to the size of its population compared with other OECD economies. There were 1.9 doctors per 1,000 population in 2011 and 2.1 hospital beds for the same population size.

Analysis of Funding

Funding: As attention & public funding for Holistic medicine research collaborations grows, more detailed analysis of ethical matters in this research is warranted. Scant literature has addressed selected issues such as informed consent & independent review associated to Holistic medicine & nursing research. Here we apply a practical, comprehensive & widely accepted ethical framework to Holistic medicine research. We examine in detail difficult questions related to social value, scientific validity and favourable risk benefit ratio. We conclude with implications for upcoming research in this field, focusing on the importance of collaborative partnership.

Major countries of Holistic Market: The largest global markets for Holistic Medicine & Nursing are Canada, USA, UK, Netherlands, China, Italy, Spain, Japan, France, and Germany.

About City

Toronto is the most populous city in Canada and the provincial capital of Ontario. It is located in Southern Ontario on the north western shore of Lake Ontario. Toronto is the leading tourism destination in Canada, attracting more than 25 million Canadian, American and international visitors annually (Tourism Toronto, 2012). In 2012, the Toronto region welcomed 9.9 million overnight visitors. Visitors to Toronto spend about \$5.1 billion in direct expenditures during their visits. Visitors to the Toronto region support more than 329,000 people who work in tourism and hospitality.

Based on 2013 estimates, Toronto welcomed 13.69 million overnight visitors. 1.42 million visitors arrived from overseas markets (all countries other than Canada and the U.S.) with a further 2.18 million Americans staying overnight — a 1.7 per cent increase over 2012 and a 9.7 per cent increase over 2010 (Tourism Toronto, 2013). The U.K. remains Toronto's largest overseas visitor market with 201,000 arrivals in 2013. With exciting attractions, live performance, major league sports and a festival for nearly everything, you'll never run out of things to do in Toronto. And don't miss these highlights.... Tourism & Attractions in Toronto are CN Tower, Royal Ontario Museum, Art Gallery of Ontario, Casa Loma, Ripley's Aquarium of Canada, Hockey Hall of Fame, Toronto Islands, Rogers Centre, Ontario Science Centre, Toronto Zoo, Black Creek Pioneer Village, Toronto Harbour, Canadian National Exhibition, and Niagara Falls...
