DIGITAL HEALTH

April 24-25, 2019 | Houston, USA

INVITATION

Dear Attendees,

We are delighted to bring forth the International Conference on Digital Health scheduled to be held on April 24-25, 2019 in Houston, USA.

With the hope that digital health is empowering to reduce inefficiencies in healthcare delivery, improving access, reducing costs, and making medicine more personalized and precise, we came up with the new edition of Digital Health. This will provide an international platform to the worldwide delegates to present their own views and principles with a discussion forum on several sessions.

Our aim is to find out how the impact of the Digital Revolution extends beyond Health and Healthcare to Living and Society. The goal of our conference is to provide new concepts, new trending ideas to enhance the efficiency of healthcare delivery and sketch tomorrow's research agendas in this field.

Digital Health 2019 would like to welcome the entire delegates along with public interested candidate to attend this grand event and avail the unique benefits.

Sincerely,

Digital Health 2019 | Organizing Committee
